- held by the practice

Consent options

If you do not agree to have any of your information collected, the only option is to register with a practice but not enrol. This means you would not qualify for funding subsidies and a reduced cost of GP visits.

Visiting another practice

If you visit another practice which is not your regular practice, you will be asked for permission to share information from the visit with your regular practice.

If you have a High User Health Card or Community Services Card and you visit another practice which is not your regular practice, they can make a claim for a subsidy, and the practice you are enrolled with will be informed of the date of that visit. The name of the practice you visited and the reason(s) for the visit will not be disclosed unless you give consent.

Complaints

If you're not happy with the way your health information is collected or used, you can talk to your practice about your concerns.
